LETTER OF COMPLIANCE

July 24, 2002

Mr. Lewis Gregory
Jaffrey Wastewater Plant
23 Knight Street
Jaffrey, NH. 03452

Subject: National Pollutant Discharge Elimination System (NPDES) Compliance Inspection at the Jaffrey Wastewater Plant, NPDES Permit N^o. NH0100595

Dear Mr. Gregory:

The Department of Environmental Services, Water Division Wastewater Engineering Bureau (DES) reviewed the actions taken by the Jaffrey Wastewater Plant in response to the June 14, 2002 National Pollutant Discharge Elimination System (NPDES) compliance inspection. DES determined that Jaffrey resolved the issues noted on the NPDES Inspection Worksheets in a manner consistent with the Water Division regulations and NPDES permit requirements. Therefore, DES hereby issues this Letter of Compliance.

Please be advised that DES corrected its database information regarding the cited DMR violation on the inspection worksheets specifically item #1 where Jaffrey did not have any NPDES violations for the month of November 2001.

Please be further advised that DES will continue to monitor the Facility's compliance status, and that this letter does not provide relief against any existing or future violations.

If you have any questions regarding this matter, please contact me at (603) 271-2985. Thank you for your cooperation.

Sincerely,

Thomas J. Croteau
